## BOOK SYNOPSIS

Jon Hul is one of the most remarkable photo-realistic painters of pin-up and erotic artwork working today. His paintings fetch huge gallery prices, but contrary to popular belief, those paintings don't just happen! Jon draws constantly, both to keep his eye sharp for detail and expression, and to work out any concepts he has for a final full-colour illustration. In other words -- the boy goes through a lot of pencils! The magic Hul can perform with the lowly combination of graphite and paper is showcased for the first time in The Jon Hul Sketchbook. An eye-opening presentation of delightful eye-candy, with many of Jon's favourite models in all forms of grey-toned delight!
